

**CYBERSECURITY FOR**

**SMALL BUSINESS**

**FREE WEBINAR!**

**Wednesday, September 20<sup>th</sup>**

**Time: 9-10:30 AM**

**Can you afford to miss this valuable advice on such an important topic?**

**Did you know that 67% of small businesses experienced a cyberattack within the last year?**

Learn how to protect your business from cybercrime with Daniel Nicolitz, Chief Information Officer for [TruTechnology IT Services](#). In addition to his years of experience in business strategy, compliance and cybersecurity, he holds a Juris Doctorate law degree and a master's degree in economics.

In this webinar, Daniel will share:

- The latest cyberthreats and trends
- How to assess your business cyber risk
- Steps you can take to reduce your risk
- What a cybersecurity plan should look like

**You, your co-workers, and your leadership team are invited to learn how to reduce the risk of vulnerabilities that can disrupt your operations and finances.**
